

## Screenshots of Hotel app project

The screenshot shows the HOTEL APP interface. At the top, there are three hotel images with their names and prices: Hotel Miramar (One Star, £49.00 PP), Las Jazminas (Two Star, £69.00 PP), and Tropicana Gardens (Three Star, £90.00 PP). Below these, there are input fields for NAME (Sufyaan), NO. OF PEOPLE (1), and NO. OF DAYS (7). There are also radio buttons for selecting a hotel (Hotel Miramar, Las Jazminas, Tropicana Gardens) and checkboxes for external options (Rental Car - £250.00 PB, Tours to Local Interests - £100.00 PP, Balcony - £90.00 PP). A CALCULATE button and a SUBMIT button are present. On the right, a summary box shows the selected hotel (Tropicana Gardens), number of people (1), number of days (7), and total price (£0.00). A HELP section at the bottom provides information about the Rental Car option.

Hotel Miramar  
One Star  
£49.00 PP

Las Jazminas  
Two Star  
£69.00 PP

Tropicana Gardens  
Three Star  
£90.00 PP

NAME: Sufyaan  
NO. OF PEOPLE: 1 People  
NO. OF DAYS: 7 Days  
HOTEL: Tropicana Gardens  
OPTIONS: None  
TOTAL PRICE: £0.00

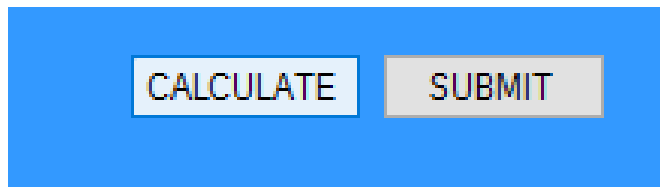

HELP : This option is a Rental Car which will drop you to the airport and will have to be returned back.  
The cost for the Rental Car is £250.00 Per Booking.

First I have inputted my name, number of people, number of days and hotel choice, as a result of this, it has displayed the information that I have inputted so far and has now been outputted into the box on the right.

Next, I have begun choosing my external options. I have decided to pick a rental car and just as I was about it to select the option it came with what the rental car purpose offers and the cost which was very useful for me as I never had a clue before I thought about the choice.

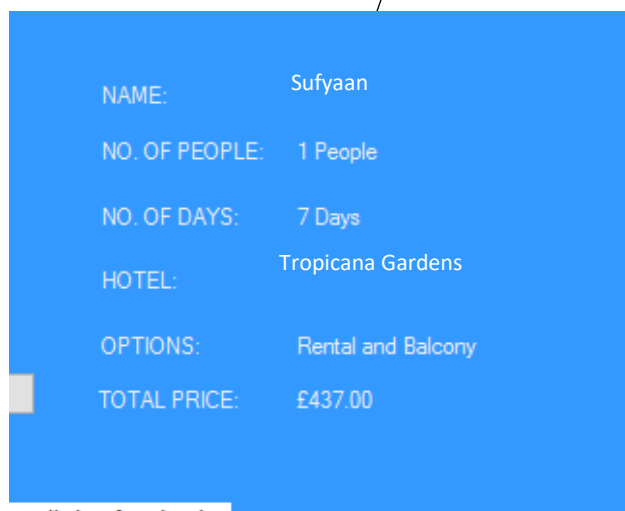

HELP : The Balcony option is to get a room with a balcony to enjoy the view and smell the fresh air.  
The cost for this option is £90.00 Per Booking.

I have also chosen a balcony option and again just as I was about to click it showed some brief information of the balcony and the price.

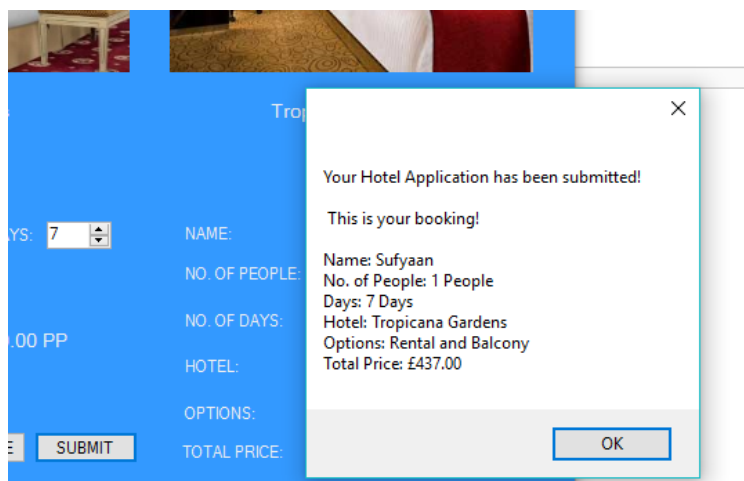

CALCULATE SUBMIT

Next, I wanted to know the total price for my selected choices. So, I clicked the calculate button and it outputted the price along with my other information below in a form of a receipt.

NAME: Sufyaan  
NO. OF PEOPLE: 1 People  
NO. OF DAYS: 7 Days  
HOTEL: Tropicana Gardens  
OPTIONS: Rental and Balcony  
TOTAL PRICE: £437.00

YS: 7  
.00 PP

Your Hotel Application has been submitted!

This is your booking!

Name: Sufyaan  
No. of People: 1 People  
Days: 7 Days  
Hotel: Tropicana Gardens  
Options: Rental and Balcony  
Total Price: £437.00

OK

I was happy with my selections and the price so I clicked the submit button and it came with a pop up box confirming my hotel application has been submitted to the company.
